**Subject:** Dimock Samples -- upcoming sampling

Hello Regional support,

This a request to provide assistance for supplemental samples for the Dimock Residential Groundwater Site..

There are 3 homes that were not sampled during the first round of sampling. There are plans to collect these samples the week of May 21.

This will give a total of 8-9 samples. (Two samples per home, one DUP, two FB, one QC)

Please let me know if you can support this effort.

Region 2: MBAS  
Region 9: Dissolved gases, GRO  
Region 6: Ethylene glycol/propylene glycol (modified 8270D)  
NAREL: RAD parameters.
